CHANCE TO SAVE

A recent act of the legislature removes penalties on delinquent taxes to persons owning property prior to January 1, 1939. If the 1938 taxes are the only ones that are delinquent the act does not apply. In order to take advantage of this law the taxes must be paid by September 1, 1939.

SUICIDE LIFTS OLD ROBBERY-TORTURE TALE

Celestino Biavaschi Kills Himself With Monoxide Gas

HE PROTECTED $1400

Attackers Burned His Feet To Make Him Reveal Cache

Of the strange suicide in Sonoma county of Celestino Biavaschi, a former resident of this city, The Santa Rosa Independent says: A 60-year-old Santa Rosa man, despondent since his daughter committed suicide some years ago, early today took his own life by inhaling the fumes of carbon monoxide.

Brother Found Body.

And then a Santa Rosa police officer, sent to investigate the "suspicious looking" automobile, found the corpse within the sealed car was that of his own brother. That, in brief, was the stark tragedy that came to a climax for the Biavaschi family, widely known, old-time residents of Sonoma county. The dead man was Celestino Biavaschi. The officer and brother who found him was Emil Biavaschi, until a short time ago chief of Santa Rosa police.

Recalled Old Tragedy.

Eight years ago in the waters of Lake Como, Italy, was found the body of his 19-year-old daughter, Inez, who had taken her life by drowning, despondent over a tragic love affair.

Just Said "Good-Bye."

A farewell note addressed to his niece, Ida, daughter of his brother, Emil, was found in the shirt pocket of the dead man. It very simply said "good-bye" to

USEFUL LIFE IS NOW ENDED

Death Takes Supervisor John Pesula Friday Evening

The Ukiah valley mourns with the coast country over the death of Carl John Pesula, popular logging contractor and for the past few years a member of the board of supervisors who, following an illness of an extended nature, died suddenly Saturday night. John Pesula was about 66 years of age. He was born in Sweden and had been in this country 43 years. He first settled at Astoria, Oregon, and later came to Fort Bragg and there he has lived since.

A Fine Character.

John Pesula reflected rugged honesty in all his business and political dealings. He was a successful businessman and made an excellent supervisor. In 1900 Mr. Pesula married Miss Anne Mollanen. To Mr. and Mrs. Pesula a family of three daughters and four sons were born—Peter A. Pesula, Weott; Eino J. Pesula, Boonville; William R. Pesula, Fort Bragg; Mrs. Martha Anderson, Albion; Mrs. Jennie Van Buren, Fresno; Mrs. Alma Clyne, San Francisco, and the late Carl A. Pesula, who died in 1937. Frank Gustafson, of Fort Bragg, is a brother.

His Lodge Affiliations.

Carl John Pesula was a member of Mendocino Lodge No. 179, F. & A. M.; Royal Arch Masons, Chapter 88, Mendocino; Ukiah Commandery, Knights Templar; Aahmes Temple, Shrine, Oakland; Woodmen of the World.

Was Buried Yesterday.

The funeral of Supervisor Pesula was held yesterday afternoon at Fort Bragg and was largely attended. Interment was in Evergreen cemetery. Rev. Thomas W. Heald read the last rites and the services were conducted by Mendocino Lodge No. 179, of Masons.

Attended Services.

The courthouse had a deserted appearance yesterday for most of the county officers and all of the supervisors, besides numerous local people, went to Fort Bragg to attend the funeral of the late Supervisor John Pesula. The courthouse flag was placed at half mast Sunday afternoon and remained that way until after the funeral.

WILLITS FIREMEN WIN

In Water Fight Ukiah Loses To Northern Department

Special Correspondence of The Press

WILLITS, Aug. 21.—The Sixth Annual Firemen's picnic and barbecue was held at the ctiy park yesterday and drew a record breaking crowd. Barbecued baby beef and mutton, Spanish beans, salads, bread, butter and coffee had been prepared in large quantities and everybody was well provided for.

Willits Teams Won.

During the afternoon there were all kinds of games and sports for both young and old and some of the contests were very amusing. The water fight between picked teams of the Ukiah and Willits fire departments was won by the local team as was also the tug-of-war. Some amateur boxers from Camp Farley put on a good exhibition but the children's sports created the most amusement. When a 12-year-old girl beats all of the boys in her age range in climbing a greased pole it is worth mentioning but this really happened and the same girl also won the sack race. We make our bow to the young lady, Miss Carol Sowash.

Did Not Choose To Run.

The three-legged races and other contests were also attractive, but unfortunately our buxom matrons shied at the fat ladies race.

Came By Air.

Members of the Northern Aviation Club flew here from San Francisco and one of the planes is said to be worth $15,000 and several others not much less.

Plenty Of Room.

We probably had the most planes here ever gathered at one time in this part of the state but the aviation field was large enough to accommodate all of them and there was no accident or mishap of any kind.

Thrown From Horse.

Leonard Henderson, a rider on the Eden Valley Ranch, was thrown last week while riding the range and his horse accidentally

NEW FOOTBALL COACH NAMED

Gein To Aid Christensen In High Athletic Department

Carl A. Gein has been appointed football coach and will also teach social science subjects at Ukiah high school beginning with the fall term, as announced by Principal C. M. Fulkerson. The addition to the athletic staff is due to a change in duties of E. B. Christensen, who has requested Mr. Gein succeed him as football coach, and who will take over the two lightweight basketball teams scheduled to play their games during the fall season, and previously coached by Robert L. Sharp.

To Retain Posts.

Mr. Christensen will continue as boys physical education instructor, and Mr. Sharp will devote all his time to music instruction, including directing the school band and orchestra.

SUPERVISORS PRAISED FOR USING AN AXE

Board Gets Approval Of Taxpayers For Economy Stand

GRAND JURY ASSENTS

Tax Rate This Year Is But 3 Cents Over 1938

BOARD PRAISED

On all sides the supervisors' action meets with approval. While those who asked for county funds resent being denied, the overwhelming sentiment is the supervisors deserve much credit for keeping the tax rate within three cents of what it was last year—This in the face of a constantly increasing demand for relief funds. Last year the inside rate was 2.09, this year it is 2.12. Last year the outside rate was 2.29; this year it is 2.32.

The supervisors held a special meeting Monday for the purpose of fixing the tax rate for the present fiscal year. The lobby was well filled with a large group of interested taxpayers, most of whom were asking for slashes in the tentative budget which had been printed. After going through the budget, item by item, and making slashes right and left, the supervisors finally fixed the inside rate at 2.12 and the outside rate 2.32 on the $100 assessed valuation, which is about the same as last year when it was $2.09 and $2.32.

Many Cuts Made.

The following cuts were made in the tentative budget: Unappropriated reserve, $5000; general reserve, $5000; jail building fund, $15,000; county farm, $5000; detention home, $1600; social agent, $1200; county auditor, $1198; block books, $500; district attorney, $2050; courthouse, $1000; probation officer, $1080; Willits Veterans' Memorial building, $1000.

Wanted A Building.

A large delegation from Willits asked for $4000 to add to the $11,000 which has already been set aside for the purpose of building a Veterans' Memorial building in that city. Mayor W. F. Whitney led the delegation and others were Councilmen Philip Quadrio and Guy Hall, City Clerk A. M. Sacry, Fred Foord, Fred Hamilton, Ted Nunan and others. After a short discussion the supervisors placed this in the budget.

Jury In Accord.

The budget committee of the present grand jury consisting of Dr. C. V. Whited, chairman, Ross Betts, Peter Nonelli, Will Clow, W. L. Dooley and M. D. Gray, foreman of the grand jury, were in attendance all day long and recommended most of the cuts made in the tentative budget.

CERTIFICATE IS TO BE PROVIDED

Applicants for pre-marital licenses must present credentials of pre-marital examinations after September 19, County Clerk Harry M. Burke was advised last week as the new state law becomes effective on that date. The county clerk will not issue a marriage license until the complete and satisfactory certificate has been filed by the physician representing the contracting persons when the new law is effective.

Albertinum Plans Alumni Homecoming

The Dominican Sisters are preparing invitations to be sent their alumni for a homecoming September 3, when the guests will receive a cordial welcome at their former home. The two-day celebration will include several surprise programs, including a visit to the beautiful new Camp Albertinum on Noyo river between Willits and Fort Bragg.

ON VACATION

Judge Will Van Dyke and son, John, are passing the week at Azbill creek, north of Round Valley, where they are trying their luck hunting.

OLD-AGERS AGAINST IT

Unanimously condemning the so-called "Ham and Eggs" proposal, the San Francisco County Central Committee of the Townsend party went on record today as strongly opposed to the $30-Thursday plan, which will appear as proposition Number 1 on the special election ballot, November 7.

Announcement of the action taken by the official Townsend group was made by Edward J. Kirwan, chairman of the County Central Committee. Emphasizing the position of Dr. Townsend, father of the national movement, against state plans as "threats to the progress of an ultimate national old age pension," Dr. Townsend was quoted as follows: "State pension plans cannot possibly succeed. They can only put the whole movement in disrepute, for no state, single-handed, can pay an adequate pension. Attempted state pension plans are the worst possible setback to the pension cause."

Commenting on the action of the Townsend group, Chairman Edward J. Kirwan declared: "The logical procedure for every honest friend of pensions—and, unfortunately, thousands have been led blindly into the $30-Thursday movement—is to withhold their support from the scheme entirely. It can only result in the complete disillusionment of our elder citizens, cast suspicion and distrust over the whole pension movement, and retard indefinitely the establishment of any adequate, workable and sound national pension program."

FIRE BURNS PLANER

Two Weeks Ago Sawmill Was Destroyed—What Theory Is

Special Correspondence of The Press

ANDERSON VALLEY, Aug. 22.—Fire for the second time visited H. E. Philbrook, Thursday, this time taking the planer which was all that was saved of his sawmill when flames swept through it less than two weeks ago at 3:30 a. m. and was a roaring mass when discovered. This fire occurred in the early afternoon and it is thought to have started from the burning pile and smouldered through the shavings. The Philbrook mill was on the Van Zandt road near Philo.

Mr. and Mrs. C. M. Wallach had as their guests over the weekend their son, Frank Wallach, of San Francisco, Joe Morris, John Buschiazzo, Mr. and Mrs. C. F. Watkins, also of San Francisco, and J. T. Donohoe, of Napa.

"SHORTY" WAS FOUND GUILTY

Willits Man Is Facing Prison Term For An Assault

A jury, consisting of nine men and three women, found Luke "Shorty" Evans guilty of assault with a deadly weapon after being out a few hours Thursday. This is a felony and Friday morning Mr. Evans was sentenced to the term in San Quentin provided by law.

House A Shambles.

Mr. Evans is a moron, of low mentality, and he is also accused of being a saddist. The crime for which he is convicted took place in Willits several months ago when he cut a long, deep gash in his wife's breast during a drinking bout. When the doctor and officers arrived at the scene the house looked like a slaughterhouse, the bed, floor and furniture were smeared with blood and the aged woman was in a critical condition on account of loss of this blood.

Victim Needs Protection.

Mrs. Evans, his wife, is 76 years of age and is a great-grandmother by children of a previous marriage. She is in her dotage and may be committed to the State Hospital at Talmage for her mental condition is very bad. When she was placed on the witness stand during the trial her plight was pitiful and most people who were present were agreed she should be placed somewhere so she could be properly cared for.

PAUL BUNYAN BOOSTERS HIT SWANKY HOTEL

Bewhiskered Loggers Invaded St. Francis Saturday Night

PUT ON A QUADRILLE

Silk Stocking Girls And Tuxed Escorts Caught Spirit

Mendocino county people who were in San Francisco Saturday are proud of the manner in which the Paul Bunyan boosters put on their publicity. It is said 105 cars left the coast for the city and men folk were arrayed as old-time loggers used to be and they had plenty whiskers, in some instances, they could almost step on them, and the women folk of the Mendocino coast looked winsome and handsome in their gowns of the long ago.

Took Swank Hotel.

The coasters invaded San Francisco provided with an orchestra. A party of them reached the St. Francis Hotel lobby about midnight and there they proceeded to put on a quadrille. They had a fiddler who could fiddle like nobody's business, they carried a portable piano and a boy who sure could knock a guitar was on hand and an old cello was used to provide the deep moanings and—did they dance? A number of silk stocking gals with their boy friends in tux were attending a hop in the Mural room and they deserted the swanky atmosphere and participated with the roughnecks. And then, just to show the good fellowship prevailing a handsome young woman from Mobile, Alabama, stepped forward and sang "My Wild Irish Rose" like you seldom hear it sung and the crowd joined with her and then the gathered hundreds gave the coasters a hand you could hear almost to Sausalito.

Opened Their Eyes.

In the lobby at the time were hundreds of easterners here to see the Exposition and the manifestation of western equality caught them and they liked it. They applauded and many an elderly man and buxom mama who had not kicked a knee for years found their lower limbs getting in tune with the quadrille music and, when it was over droves of men and women ambled to the bars in the St. Francis and "knocked one over," as their minds reverted to long gone days when the quadrille was the favorite of their dances.

Telling The County.

Really, no Mendocino event has been given the advertising the Paul Bunyan Days has gotten so far, and it is still going on.

It's A Good Show.

The festival will take place September 2, 3 and 4. There will be all kinds of loggers' contests and water sports, dancing and athletic events and the valley should send over a big representation—Everyone who goes will have a delightful lot of entertainment.

HURT IN CAR CRASH

TRINITY LOSES ITS LARGEST CATTLE OWNER

Frank Travis, Victim Of Heart Attack Friday Last

NATIVE CALIFORNIAN

Body Will Rest Beside Members Of His Family

Special Correspondence of The Press

COVELO, Aug. 22.—Frank Travis, prominent pioneer stockman, passed from this world Friday morning at his mountain ranch in southern Trinity county. Death was due to cardiac failure.

Native Californian.

Benjamin Franklin Travis was born in Green Valley, Forestville, Sonoma county, June 28, 1862. Mr. Travis came to Trinity county with his brother, John, in 1895—they were the first to import registered Hereford cattle into that county, shortly after settling there. John Travis later moved away and in 1910 an older brother, Albert, joined Mr. Travis in partnership. Through the years they have been successful and prosperous stockmen. Their ranch was always stocked with pureblood Hereford cattle. For 44 years Mr. Travis has lived the live of a recluse, seldom seen in town, except on rare business occasions. Mr. Travis and brother owned about 40,000 acres of some of the best grazing land in the state in southern Trinity county about 25 miles north of Covelo. Their holdings extend a distance of 15 miles and include both summer and winter range and support hundreds of head of cattle. Neither of the brothers married and by careful management they have accumulated a fortune of several hundren thousand dollars. Albert Travis is now 79 and in poor health and the loss of his brother, who had been his life-long companion and partner, will probably shorten his days.

Family Were Easterners.

Mr. Travis' father was born in Deleware, his mother came from Ireland, and until their death the home was at Forestville.

HARVEST NOW IN FULL RUN

Pears About Shipped; Hops Being Picked, Prunes Next

This is the busiest season of the year for Ukiah and vicinity. Ranchers now have extra crews picking pears and hops and packing houses have been busy for weeks back. For the past three weeks the volume has been so great the railroad has had an extra crew to handle fruit only.

Prices Are Fair.

Up to yesterday morning a total of 500 carloads of pears had been shipped, mostly to the eastern market, and the price is good for at least one shipment brought $40 a ton and the prices paid for the balance have all been favorable.

Shipped President Plums.

Shipments of the President variety of plums started last week and the Lambert Marketing Company packed a carload of these plums for eastern shipment. The plums were raised on Emmett Donohoe's Potter Valley ranch.

Hops Around 23 Cents.

Hop picking started last week in a few yards and by the end of this week it is expected to reach its peak. The crop is good, but not as large as in some previous years but the entire crop has been contracted for around 23 cents a pound.

Grapes Come Next.

Grapes are beginning to color and will probably be ready for picking about September 15. The yield is smaller than usual but appears to be of excellent quality but the prices now offered on contract are none too good and it is hoped the market will improve.

May Make Money.

Taking it all in all ranchers should make some money this year and that in turn will help the entire community.

SCRAMBLE STARTS

On the coast a contest for appointment as supervisor has started and a number of aspirants have appeared as successors to the late John Pesula. It is generally conceded Andy Johnston, if he cares to take the place, can be appointed.—It is understood Mr. Johnston has been named.

FIRES RAGED DURING WEEK, DAMAGE LIGHT

Old Douglas Ranch Is Scene Of Threatening Burning

HOMES-KILNS PERILED

Indian Rancheria One Time Thought Lost; Much Aid Given

One of the largest grass and brush fires in this vicinity in many years started on the old Douglas ranch near El Robles about noon Friday and burned over about 1500 acres before it was brought under control.

Saved Much Property.

The news was immediately telephoned to Ukiah and a crew of local firemen went out with the small truck and they were soon joined by the fire fighting crew from the Hopland station. These two crews by making the most strenuous efforts saved ranch houses and hop kilns worth not less than $100,000 and about the only damage done was the loss of some old picket fences. The buildings on the Horst, McCracken and Warren Brown ranches had a very close call for the fire in some cases was stopped within a short distance of them. The same is true of the Indian rancheria for the fire burned all around it.

Much To Burn.

For some years past wood choppers have been cutting wood on the hills in the rear of these ranches and the ground was covered with slash and this with a dense growth of brush made a very hot and spectacular fire that could be plainly seen from Ukiah and all kinds of rumors were circulated about the buildings being destroyed.

Big Lake County Fire.

For the past two weeks big fires have been burning over the dense growth of brush on the mountains that separate Mendocino from Lake county. The glow from the fires and the dense volume of smoke is seen in Ukiah for the fires are due east of this valley. According to reports there are a series of fires that extend from a point southwest of Lakeport to Blue Lakes. Last week the heat from the fires and lack of wind made it unusually hot in Ukiah but now the fires are said to be under control and burning themselves out.

CCC Controlled Fire.

A fire starting at the foot of Elk mountain in the Mendocino National Forest the first of last week burned over 2500 acres before it was gotten under control by CCC men who have a camp in that locality. Other fires are burning on Bartlett mountain and in the eastern part of Lake county.

Timber Is Burned.

A fire on the Gualala burned over 600 acres of young timber and brush before it was brought under control by a crew of 50 men sent out from headquarters.

Ranch Threatened.

A fire on the Eden Valley ranch threatened to destroy buildings in the valley and it took unusual efforts to save them. This fire is still burning but is said to be under control.

Brush Was Consumed.

Another fire at the northern end of Potter Valley burned over 150 acres of brush. Most of the area in that locality was burned over several years ago and this reduced the fire hazard. Two small fires back of Westport last week were brought under control by fire crews sent from Hale's Grove substation.

DEGENERATE PAIR PLEADS GUILTY HERE

Conviction Followed Excellent Work Of Ft. Bragg Police

WOMAN IS SENTENCED

Native Damsel, After Many Escapades, Is Sent To Prison

John Henderson and Frank Farrell were given indeterminate sentences in San Quentin prison Wednesday. The term of their sentence will not be fixed by the prison parole board until after they have served one year of their sentence.

Acknowledged Guilt.

These Fort Bragg degenerates pleaded guilty to the charge of lewd and lascivious conduct towards four young girls whose ages ranged from 7 to 13 years.

Woman Convicted.

The same day Irene Elliott, young Indian woman, was sentenced to the woman's prison at Tehachapi. She has been in the local limelight several years on account of her escapades and some weeks ago stole an automobile parked in front of Chelli's Pharmacy and was then picked up at Santa Rosa. Following this she tried to commit suicide by throwing herself in front of a train at Santa Rosa and also by jumping from a bridge. For these different offenses she was placed on probation and each time broke her probation. She is incorrigible and the authorities decided it was best to give her a prison sentence in order she might be able to see the error of her ways.

MANAGEMENT SHOWS RESULT

Able Work Of Fred Bosworth Found In City Finances

Ukiah has the lowest tax rate of any city in California. Last week the city council set the rate at 70 cents on the $100 valuation notwithstanding the fact capital improvements costing approximately $50,000 will be made this year without a bond issue.

In Class By Itself.

There are few cities in the state that could make improvements of this magnitude without a bond issue but here in Ukiah we have the money in the treasury to pay for what we order.

Local Man Successful.

At the meeting last week the contract for the sewage disposal plant was awarded to Harry Mercer, of Ukiah, for approximately $20,000 which is $5000 less than the engineers had estimated. There were 11 bids and the highest was around $26,000.

To Build Jail.

The sum of $15,000 has been set aside for construction of the new firehouse and pail which will be erected on the lot the city recently purchased on the corner of Clay and School streets. All of the estimates so far made on this construction are inside that limit.

To Pave Streets.

Contracts have also been let for the permanent paving of certain streets at a cost of $1100 and some more street work has been provided for.

Some Bonds Out.

Ukiah still has some outstanding bonds amounting to approximately $70,000, but two of these, the gas and electric bonds, will be paid off at the end of this fiscal year.

Well Managed Town.

Fred L. Bosworth has now been City Manager nine years and when he was appointed the municipal tax rate was $1.46 and five years ago the assessed valuation of the city was reduced very materially. This worked both ways and proves the value of an efficient city manager. Mr. Bosworth holds first rank among city managers of California and the League of California Municipalities has appointed him one of its directors. This is an honor highly esteemed and it is an especial honor for a city as small as Ukiah to receive it.

Miss Helen Busch is a guest in the home of her parents, Mr. and Mrs. Elmer Busch.

WE'VE HAD ENOUGH

THIS NEWSPAPER HAS NEVER been long on reform crusading. Its bent is not telling other men how to live their lives. The editor of The Press has offended, likely, just as much as any other man running around, accordingly he appreciates he is no mentor. Nevertheless, when a situation is self-evident, anyone, speaking truthfully, can, with justification, comment on it. Such being so The Republican Press believes Ukiah has had all it wants of night clubs. This community is too much of a "gopher mountain" town to make it possible for a honky-tonk to thrive here and not hurt families. In the past there has been much family trouble caused by the night club that has been running here. Men would get swacked up and be worked by the "gals" in the place, if nothing worse. Wives would hear of it and there would be household troubles.

There is not any reason why the city council should not have suppressed the night club months ago but, as long as it did not, and, in view of the fact the club is going out of business, The Republican Press at this time is going to take a stand against another night club being granted a license here and, if it can get the backing of the right-thinking people of Ukiah and the city council should grant another night club license, this newspaper will try and have it revoked—and, if it cannot get enough Ukiah support, it will go to Sacramento, alone, and see what can be done.

IT CAN HAPPEN HERE

IT HAS HAPPENED in New York.

It can and will happen here, or anywhere else in the United States, unless a halt is called on New Deal squandering which must be paid for by more and higher taxes.

Take a look at the New York picture and see how you like it.

When you buy a pack of popular brand cigarettes in New York you pay six cents in taxes to the Federal government, two cents to the state and one cent to the city. All of the tax paid to the state and to the city and two cents of the six cents paid to the Federal Government goes to cover the cost of relief because New Deal folly has steadily reduced the number of jobs in private industry and left the nation with more than 10,000,000 unemployed.

Other New York City levies for relief are:

A two per cent sales tax on all merchandise except food. But if you take a friend to dine with you in a lunch room and the bill is more than one dollar you have to pay a three per cent tax even on food.

A three per cent tax on liquor.

When you turn on the gas or electricity, the utility company passes on to you a one per cent tax on its gross receipts; the railroads pass along a similar three per cent tax when you buy a ticket, and when you make a purchase of any kind at a store which has gross earnings of $10,000,000 a year, you have to pay your share of the two per cent tax on its gross.

There's only one way to make sure this won't happen in your community:

Oust the New Deal and cut unemployment by making more steady jobs in private industry.

"DISILLUSIONMENT"

INTELLIGENT AND FORESIGHTED representatives of organized American labor are awakening to the menace of government ownership and control of business.

For example, The Union-Register, of Seattle, Washington, a newspaper which is owned and published by the Oregon-Washington Council of Lumber and Sawmill Workers, an affiliate of the American Federation of Labor, recently ran a lead editorial concerning the WPA strikes. The editorial was entitled "Disillusionment," and it said, in part: "The WPA includes some two million workers. It represents the largest single bloc of workers in the nation. Yet with all its strength it will accomplish nothing because there is no power on earth to compel the government to either negotiate or arbitrate. * * *

"If the two million men employed by the WPA were working in a private industry, their numerical strength alone would insure them a quick redress against any form of exploitation. Against government ownership we would have to take what was handed us without any form of redress. That is why we have fought so long and so hard for democracy and the American way."

The WPA strike failed. About the only tangible result was the discharge of a large number of workers who did not return to their jobs within the five days allowed them.

The strike failed just exactly as a strike against the government would fail in Germany, Russia or Italy, where the people have been subjected to the most ruthless kind of official despotism.

What worker in private industry in this country, after observing the examples of state socialism abroad, can honestly argue he would be better off under government ownership of industry —the true name for which is totalitarianism?

Raglan ranch was begun Thursday, a new work having been let to Contractor Jenkins, who recently completed the bridge across Jack Peters creek near Mendocino.

IN OLD HOME

Mrs. Ray Rollin Wilson and daughters, Faith and Nan, have arrived for a visit with Mrs. Wilson's parents, Dr. and Mrs. L. K. Van Allen. They have been visiting Mrs. Wilson's sister, Mrs. J. E. Powers, in Santa Clara county.

HAD A VACATION

Fred McKenzie, popular mail carrier, returned last week from his vacation which was passed in the northern part of the county on a hunting trip.

E. W. Pruett, who is a member of the Folsom guardline, was here Friday, coming to bring two prisoners to the Mendocino State Hospital.

The most capricious appetite
Responds to a tempting dish;
Custard, junket or ice cream
May be just what you wish.
Milk, an essential protein food,
Is employed in scores of ways—
Delicious puddings, rolls and soup,
And various souffles.
Moderate cooking temperature

The tremendous need of milk and cream

DO YOU REMEMBER WHEN THESE EVENTS TOOK PLACE IN UKIAH?

Out Of The Past Occurrences Brought To Mind By Reporter Of The Republican Press To Recall Old Times

(By Fred Loring)

Do You Remember This?

The passing of James McGann in 1894 recalled an exciting episode in the history of Mendocino county. In 1863 Mr. McGann was the Democratic nominee for county coroner, an office at that time simply ornamental, and was elected. In the same race Lew Warden and W. H. Tainter were respectively the Democratic and Republican candidates for sheriff. The latter was elected, but on the day of election was drowned in Elk creek.

Took Office With His Fists.

The death of Mr. Tainter placed Mr. McGann in legal possession of the office of sheriff but, as his ability to perform the functions of that office was generally questioned by his constituents, he failed to qualify. B. F. Forsythe, who claimed a deputyship under Mr. McGann, assumed the office of sheriff. Lew Warden, the defeated Democratic candidate, failed to discover a legal reason why Mr. Forsythe should be given the office, so after several lively personal encounters, he succeeded in ousting Mr. Forsythe and retained the office during the term for which Mr. Tainter was elected.

Broke His Leg.

A young son of Charles Wade, residing near Orr's Springs, was the victim of an accident resulting in a broken leg. He was driving along a heavy grade when the wagon upset and threw him out. Young Wade fell beneath one of the horses, which kicked him with the result mentioned.

Wagon Was Wrecked.

Mr. and Mrs. T. A. Templeton returned from a six-weeks camping trip on San Hedrin. Mr. Templeton brought news of an accident which occurred on the grade near the John Day place the previous week. Jacob Wattenberger was coming down with a load of lumber. While at the point mentioned the brake gave away and the heavily laden wagon was forced down on the wheel horses. The animals were thrown down and the wagon upset. One of the horses was instantly killed and the wagon slightly damaged. Mr. Wattenburger was thrown some distance down the embankment but escaped comparatively uninjured. Mesdames Eversole and Cannon remained at the camp at San Hedrin and did not return to this city for some days.

Change Of Management.

The Palace Hotel passed into the hands of T. D. Orr, who had made The Hot Springs so popular. "It is safe to say that, under his management, it will retain its position as one of the leading houses on the coast." F. M. Weger retired from the business to enter a more active life. He had been very popular with the traveling public. T. J. Weldon, a first-class businessman, had been retained as chief clerk.

Victory For Health.

The election May 2, 1896, passed off quietly. It was seen early in the day the opposition to sewerage was rapidly declining, and along in the afternoon several of those who had been fighting the bond issue became converted and devoted the remainder of the day to working in its favor.

The polls closed at five o'clock and an hour thereafter the result was anounced. The siluri-ans had been defeated by a vote of 311 to 54. The people were jubilant. "Billy" Chessall got out his anvil and a royal salute was fired celebrating the victory. The band played "Annie Laurie" and the firemen played the hose.

A. W. Foster and A. V. Wadhams arrived in this city Saturday afternoon. In the evening they both addressed the citizens in front of The Grand Hotel. President Foster complimented the voters highly on their victory for cleanliness and predicted a brilliant future for Ukiah.

Commander Wadhams of the battleship Monterey delivered a patriotic address and incidentally referred to Hal Standley, one of Ukiah's bright young men, now an ensign in the navy, for whom he predicted a distinguished future.

Stage Robbers Sentenced.

David Oldham had just been tried, August 1895, on the charge of robbing the Ukiah-Mendocino stage and a jury found him guilty. His attorney had moved for a new trial. The court refused to grant the motion and thereupon sentenced the prisoner to 12 years in Folsom prison. Mr. Hilton, who was induced by Mr. Oldham to commit the crime, was sentenced to eight years in San Quentin. The robbery for which Mr. Oldham was convicted occurred June 15 of 1895 on the afternoon. On that day the Mendocino stage, driven by William Russell, was held up on the grade six miles south of this city and Well-Fargo's treasure boxes stolen. The amount secured was $1,019.05.

An Unpleasant Companion.

Wednesday morning Mrs. James MacFarland, who resided on San Hedrin, received a severe shock owing to the narrow escape of her child from the fangs of an immense rattlesnake. The family, with the exception of the child had arisen from bed, and a short time thereafter Mrs. MacFarland awakened the little sleeper. As the mother removed the coverlet she was horrified to discovered the serpent snugly ensconced at the side of her offspring. She grabbed the child and succeeded in removing it from the couch without disturbing the rattler. The mother then picked up an axe and killed the reptile. The snake had evidently entered the house through an opening in the floor.

Shot A Squaw.

E. A. Purcell who lives at Covelo, was out shooting crows the other day and accidentally deposited a load of shot into the body of a reservation squaw. The shot was picked out and the wounds attended to. The injured woman is getting along nicely.

J. L. Burger Murdered.

At 6:15 o'clock Wednesday evening John Ginochio shot and inflicted a mortal wound on J. L. Burger, from the effects of which he died an hour and twenty-five minutes later. The tragedy occurred in the Blue Wing Saloon on State street, and a few words passed between the parties before the shooting began.

Low Price For Wool.

Speaking about wool an article says: "The quantity and quality of this product is fully up to the average; perhaps a little above. The price, however, is lower than ever before known in the history of Mendocino county. This is certainly an object lesson to wool growers, many of whom are Democrats, or at least were up to the time they had a practical lesson of the fallacy of the theory of free trade. The highest price paid for wool at the recent sale was 8¼ cents, which is one cent less than last year."

R. Z. Andrews, of Willits, was in Ukiah Friday.

OUT-OF-STATE AUTOISTS MANY

Gene Garliep was down from his Camp Beauty Auto Camp, Wednesday, and stated tourist business is splendid and all of his cabins are filled nightly. The remarkable thing connected with his business is that practically nine-tenths of it is with out-of-state cars. The night previous to his visit here all of his cabins were filled with out-of-state travelers.

WENT TO FAIR

John De Hart returned Sunday from a visit to San Francisco where he went Friday to see the World's Fair. Mr. De Hart has a position with the Pioneer Oil & Burner Company in Ukiah.

SEEING EXPOSITION

Mrs. Margaret Menthonen is expected back in a few days from San Francisco where she has been passing a fortnight with friends, who have arranged a number of trips to Treasure Island for the pleasure of their guest.

OLIVE SHAW IS LAID TO REST

Taken Upon Return To Place Of Birth To Make Home

Mrs. Olive Shaw, who came to Ukiah about two wekes ago planning t o buy or build a home where she might remain during her declining years among relatives and friends, was called by her Maker Thursday morning in this city following an illness of but a few days. She had come from Oakland, where she resided the past 20 years, and was a guest of her sister, Mrs. Martha Scott, when she was stricken.

The Remaining Family.

A daughter of the late John P. Smith, pioneer settler, she was born in Ukiah valley, where she grew to womanhood and was beloved by a wide circle of friends, who knew her as "Ollie" Shaw. She was the mother of Mrs. Blythe Brown, who was present at the funeral Saturday, and of the late Mrs. Blanche Blaziet, also of Oakland. Besides Mrs. Brown she is survived by three grandchildren, Myrna Brown, Robert and Vernon Blaziet, and four sisters, Mrs. Mary Milne and Mrs. Mary Scott, of Talmage, Mrs. Minnie Scott and Mrs. Nellie Wilgus, of Ukiah. Brothers who preceded her in death were J. H. Smith, C. P. Smith and H. B. Smith.

Funeral Services.

Saturday last rites were held at three o'clock in the afternoon from Eversole Mortuary, Elbert Holland officiating. Interment was in the family plot of the local cemetery. Pallbearers were R. E. Donohoe, J. A. Redemeyer, William Bromley, A. J. Chalfant, Dolph Ford and S. M. Ray.

Relatives from out of town who attended the funeral were Mr. and Mrs. Milan Brown, Mr. and Mrs. Herman Blaziet and sons, Bobby and Vernon, all of Oakland, Mr. and Mrs. Lester Scott and Mrs. Olga Milne and son and daughter, of Santa Rosa.

Daughter Born To Robert Van Dykes

Mr. and Mrs. Robert Van Dyke, of Kelseyville, are receiving congratulations upon the birth of a daughter, Dixie Lee Van Dyke, born August 2 and weighing seven and three-quarters pounds. The newcomer is the great-granddaughter of Mr. and Mrs. W. S. Van Dyke, of Ukiah, who recently celebrated their sixtieth wedding anniversary. She was royally greeted on arrival as she represents the fifth generation, all living in Kelseyville, being preceded by Mrs. Lissa Presley, Mrs. Mary Edwards, Mrs. Verda Chisholm and the latter's son, Robert Van Dyke. Her grandfather was Fred Van Dyke, who died during the World War and was the first husband of Mrs. Chisholm.

BOY IS LEADING

James Kovacs was here from Brushy Mountain the first of the week. He reports hunting as being excellent but there are not as many hunters as usual. A few days ago a 16-year-old Redwood Valley boy got a six-pointer and the largest buck killed so far this year.

UP FROM CITY

Mrs. Torrence Swindell and young daughter are here from San Francisco to pass a few days at the home of Mr. and Mrs. L. B. Hansen, parents of Mrs. Swindell.

BACK FROM VACATION

Mr. and Mrs. Elmer Sweet returned Saturday from a motor trip over Redwood Highway to Eureka where they enjoyed a visit at the home of Mr. Sweet's brother.

Sidelights *of* Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, who is the chairman of State Board of Prisons of California.

WHY THE OLDEST PRISON RULE FAILED

Granting credits to prisoners —that means allowing them good time which, in turn, cuts down their sentences—is one of the duties of a prison director which ever calls for use of the utmost discretion.

It can easily be abused and, when it is, endless complications quickly follow.

It is only on the rarest occasion, the record will show, more than 90 days have been allowed an inmate and then, only, after evidence had been produced showing the prisoner had, in some extraordinary manner, shown himself entitled to reduction in the time for which his prison term had been set.

I have been on the State Prison Board a number of years and, up to Saturday, I had never seen a case in which credits were allowed without first, a recommendation coming from the Warden, then a careful questioning of the warden as to why the credits were granted and, following that, a close scrutiny by the Prison Board of the man's case and, after all of that had been done, never to my knowledge, has a credit granting of more than three months been allowed a prisoner.

Until a few minutes before five o'clock Saturday the old rule governing credit granting I have explained above had been rigidly adhered to—and, on Saturday up to almost the minute on which the rule was broken, we had been granting credits and no change of any character had manifested itself.

Then, suddenly, the change came.

We were on the point of leaving when Warden Court Smith entered the Board room with a telegram which Prison Board Clerk Mark E. Noon read to us.

It came from the head of the Salvation Army in Los Angeles and it told us the mother of an inmate—Let us say his name is Willie Smith — was dying and wanted to see her son. He had four months yet to serve and we had, after discussing the sitution, about decided the Board members would chip in and pay their railroad fares and send an officer with Willie Smith to Los Angeles, and after seeing his mother, bring him back again to San Quentin. But we did not get time to do this before another telegram was handed the Warden, who had remained in the Board room to talk over Willie Smith's case, and upon opening the second message, we found it came, like the first one, from the Salvation Army officials and it told us Willie Smith's mother had just died and her funeral would take place Tuesday and we were asked to let the Salvation Army know, if Willie Smith would be present when she was buried.

I have always contended there never was a law or rule, man-made, that could not, mercifully tempered, be broken and no injury result to society and on Saturday it came to pass the rule which had, down through the years been so sacredly safeguarded — that no man should get, at one time, more than three months credits — went all to pieces. A member made a motion Willie Smith be granted four months credits and, it seemed to me, four members, all at once, seconded the motion and there was a unanimous vote approving it. Yesterday in Los Angeles Willie Smith gazed down on the face of his dead mother. Over in San Quentin a rule that had stood up, under many pleas in other days, the records will show, had been unceremoniously broken.

All things human, one way or another, are ruled by Death.

It's STATE FAIR Time

Eighty-five years ago mule teams and ox carts lumbered to the first State Fair, bringing agricultural products that showed the remarkable fertility of the land.
Each year since, people from all counties have gathered at the State Fair to look over California's products and compare notes on the newest and best ways to make things grow. Today over 200 economic crops are represented—a diversified production undreamed of in 1854.
It's a great show! A time to pause . . . celebrate our harvests and enjoy our friends.

stepped on him. Mr. Henderson was brought to Howard Memorial Hospital and Dr. R. A. Babcock is attending him. Three fractured ribs and a badly bruised chest were his most serious injuries.

Wrecking A Railroad.

J. P. Buonaccorsia now has several contracts for tearing up the rails on abandoned railroads. Some time ago mention was made of the railroad he was wrecking near Albuquerque, New Mexico, but he has stopped work there on account of climatic conditions and will return later. In that locality they are subject to cloudbursts, one of which recently washed out several railroad bridges. He has now taken his crew to Wendover, Utah, where a 48-mile railroad connects the Gold Hill mine with the Western Pacific. This mine has been worked out and abandoned. Two of his crew, Charles Ellison and Tom Taylor, passed the weekend visiting their families at Willits and have now returned to Utah.

Married In Sonoma County.

A marriage license was issued in Santa Rosa last week to William Jewell Ford, 18, of Redwood Valley, and Geraldine Theresa Brown, 15, of Willits.

Chas. Biggs and A. Willburn were countyseat visitors Saturday. Mr. Biggs made arrangements to sell his pears to a packing house and will haul them down this week.

Fix The Tax Rate.

At the meeting last week the city council fixed the municipal tax rate at $1.76 on the $100 valuation which is 12 cents less than the rate last year. Retirement of the 1909 sewer bonds and an increase of $30,000 in assessed valuation over last year made this cut possible. Mayor W. F. Whitney and Councilmen Philip Quadrio, Guy Hall, Dr. G. A. Schmidbauer and V. T. Lewis have devoted a large portion of their time and efforts in looking after the interests of the city and this unselfish devotion is very much appreciated.

Order New Fire Hose.

The city council has ordered 1000 feet of new fire hose from the American Rubber Company, Oakland. Of this 500 feet will be 2½-inch and the other 500 feet 1½-inch hose. The contract calls for $250 down payment and balance at $40 per month. A lot of hose was destroyed when the McKee sawmill burned and this new hose is now very badly needed in case of an emergency.

Return To Berkeley.

Miss June Case and Miss Betty Bondeson passed the weekend in Berkeley. The latter will remain and resume her studies at University of California.

Had Perfect Test.

Last week John D. Vietti, state veterinarian, tested the 24 head of Guernsey cows at Stanert & Son's dairy and all had 100 per cent negative to the tuberculin test. This is a splendid showing but other herds in this vicinity are equally good.

Three Persons Injured.

Three persons were injured when the car in which they were riding ran off the grade and into a culvert five miles south of Willits. The party consisted of Mr. and Mrs. Frank Weiss and their son, Frank, Jr. Mrs. Weiss received a 10-inch cut on her head and face and numerous cuts and bruises and is still in the hospital. Mr. Weiss, who was driving the car, received several minor injuries as did also their son. They live in San Francisco and were on their way north for a vacation.

Changed The Date.

The high school trustees held a special meeting last week and changed the date for opening of the high school to September 4. It had been announced it would open a week earlier but the change was made so that more time could be given to the making of arrangements for opening of the Laytonville branch high school. It was decided students in the senior class, living in the Laytonville section, would finish their course in Willits on account of the local institution being an accredited school.

Are Getting Particular.

Traffic Officer Fred Hamilton is doing everything in his power to make travel over Redwood Highway safe. Last week he arrested two different men for passing other automobiles on blind curves and where there was not sufficient clearance. Ralph Vossbrinck, of San Francisco, and Edward Curtis, of Colfax, were each fined $5 by Judge C. A. Larson for this offense.

Big Wheat Yield.

H. H. Mitten probably holds the county record for a wheat yield this year. He only had a 11-acre field and got 45 bushels to the acre off it. He admits two things are responsible for this wonderful yield. First he was very careful in preparing the ground and second he planted it in just the right time to receive the benefit of the late rains.

Cerebral Hemorrhage.

Mrs. Pascale Allue, mother of Mrs. F. Bello, was stricken with a cerebral hemorrhage last week and taken to the hospital and had hardly returned home until she had another stroke. She is well along in years and her condition is critical.

Had Auto Accident.

Robt. McCallum ran off the grade and badly wrecked his light delivery truck a few days ago. He escaped with bruised back and head but the truck was badly damaged.

Mr. and Mrs. Earle Johnson and family left last week on an extended automobile tour that will extend as far east as Idaho, Wyoming and Utah.

At The Evans Trial.

A. H. Thompson, Mrs. Ruby Clow, V. W. Haselswerdt and Frank Matson were drawn as jurymen for the Luke Evans trial which was held at Ukiah last week. Mrs. Clow was the only one that was held on the jury.

Mrs. Elsie Kupser came over from Marysville last week for a visit with relatives and friends.

Mrs. C. A. Lason and daughter, Dorothy, enjoyed several days last week in Sausalito and visited the World's Fair.

Dr. DeWitt Rowe made a short visit here last week. He was born and raised here and graduated from our high school. He is now located in San Jose and was on his way north with a party of friends.

Mr. and Mrs. A. C. Hill are taking an outing in San Francisco.

Mrs. Alice Baker left last week for Santa Maria where she will make her home with her son, Ray and family.

Mr. and Mrs. J. K. Cameron have returned from Santa Cruz where they enjoyed summer vacation.

Mr. and Mrs. Dick Keller and small son came up from Oakland last week for a few days visit with relatives and friends.

Mr. and Mrs. Sidney Black enjoyed last week at the Simonsen ranch in Sherwood Valley.

Rev. and Mrs. C. L. Buckner are passing a two-weeks vacation at the Big Basin near Santa Cruz.

AT SUMMER RESORT

Mrs. Stanley W. Watson and "Billy" Watson returned last week from Anderson Valley where they enjoyed a three weeks' outing at The Van Zandt Resort, as has been their custom in July for several years. Mr. Watson drove over to bring them home.

There was a happy reunion at the Thomas Gullickson home last week when Mrs. D. DeLamaper of Minneapolis, with whom Mrs. Gullickson made her home more than a score of years ago, was a guest several days, accompanied by her son-in-law and daughter, Mr. and Mrs. Sumner Chilson, and Mrs. J. Mrs. Al Simmons will leave the first of September for New York where she will meet her husband who has been in Mexico. From New York they will sail to Germany, where Mr. Simmons will remain for business purposes. Mrs. Simmons will continue her trip to Sweden to visit the home of her parents. She will also visit relatives of Nels Nelson. Although Mrs. Simmons was not born in Sweden she always had the fondest hopes of some day going to see the home of her parents. After Mr. and Mrs. Simmons return from Europe, Mrs. Simmons might return to Mexico with her husband to make her home there.

A. R. Bonnifield, foreman of the John L. McNab ranch, was a passenger yesterday on the early stage for San Francisco.

Edward W. James, accompanied by his son, Craig, went to Fort Bragg Friday on business for the California Automobile Association, of which he is local representative.

TWO MORE CASES

Two more horses died of sleeping sickness last week, which makes nine cases so far in this county recently. A valuable black saddle mare belonging to Fred Hammond, Sr., died Sunday and an old mare belonging to Mrs. G. Denton, of Talmage, died Saturday. Veterinarian E. C. Morris has been kept busy recently vaccinating animals. A young colt on the De Carli ranch is reported afflicted.

HE TELLS 'EM

L. J. Scooffy, with hirsute appendages that would do any Paul Bunyan honor, appeared at the countyseat this week from his Noyo river retreat. Mr. Scooffy, who knows how to celebrate, says the coming event on the coast will be the "cat's pajamas" and then some.

Business Course Taught In Ukiah

The Ukiah Commercial College, established two years ago by Miss Tula Carpenter and still under her able direction, has proven very successful in preparing students for secretarial positions at a minimum of time and expense, and a maximum capability. A number of its graduates have secured positions of responsibility in San Francisco, Oakland and Los Angeles, as well as with local concerns. When a home institution of this efficient type is at hand, it is a good idea to patronize it rather than going elsewhere for similar education.

HERE FROM MINNEAPOLIS

The past week City Manager and Mrs. Fred L. Bosworth and son, Craig Bosworth, enjoyed a visit from Mrs. Bosworth's nephew, Robert Bashro, of Minneapolis. Several days last week he was their guest at Blue Lakes where water sports were a welcome pastime during the very warm weather experienced in this vicinity. As well as being an expert swimmer, having won medals in life saving events, Mr. Bashro is a golf enthusiast with a number of cups to his credit, and while here took advantage of the opportunity to play on the local course. Sunday Mrs. Bosworth accompanied her nephew to San Francisco for a stay of several days sightseeing at the Exposition.

LECTURER WAS VISITOR

Mr. and Mrs. W. B. Cannon enjoyed a visit from Mrs. Viola Sweet and daughter, Roberta, of San Jose, Thursday and Friday. Mrs. Sweet, who is a psychologist, had just returned from a lecture tour to the Hawaiian Islands. Last year she lectured in Alaska, and other years has given courses on psychology in various parts of the United States, two of which Mrs. Cannon has attended, finding them altogether delightful and inspirational. Mrs. Sweet was originally from Denver.

There were over 200 delegates assembled at the meeting. Lions attended from Eureka, Ferndale, Willits, Fort Bragg, Upper Lake, Lakeport, Petaluma, Sausalito, San Anselmo, Ukiah, Santa Rosa, Fairfield, Rio Vista and San Rafael. District Governor Thomas Neilson was the speaker.

The next council meeting will be held at the Tamalpais Club in Larkspur sometime in November.

MOOSE CONCERT SUCCESS

Financially and musically the concert sponsored by the Loyal Order of Moose Friday evening was a great success, every seat in the house being sold and applause from the audience acclaiming appreciation of the unusually fine program presented by The Barton Group. Whether because of the unusually warm weather, which drew people out-of-doors, or whether purchasers of tickets considered their bit done toward the worthy cause, for which proceeds are to be used, with the paying of their money and remained unmindful of the benefit to themselves in attending so fine a concert cannot be said, but there were many vacant seats. Gordon Onstad, tenor, Ben Bauer, violinist, and Beatrice Quickenden, pianist, severally and together delighted their hearers. Besides these artists, Miss Angie Lucchessi presented two vocal solos, accompanied by Mrs. Arthur Romer, by special request of their local admirers.

REUNION OF CAMPERS

Friday evening a group of 21 young people who rented a cabin, which they dubbed "Rowdy Villa," at Blue Lakes during the month of July for a pleasant mid-summer outing, held a reunion at a pot-luck supper, picnic style, under the trees at the home of Mrs. Mabel Ames Smith, whose nephews, Jamie and Chaplin Williams, members of the camping party, assisted her in receiving. There they visited Mr. Pauli's brother-in-law and sister, Mr. and Mrs. Thomas A. Smith, of Berkeley, and saw Treasure Island. While north the Paulis surprised Miss Claire Pauli, second daughter in the family, by calling on her at Orcus Island, Puget Sound, where she was counselor at a girls camp until its close yesterday. FETE AT PLAYHOUSE

All birthday parties are not exactly alike, as demonstrated last Wednesday evening when Mr. and Mrs. Alex Klimas arranged a birthday party for their daughter, Mary Anna, in honor of her sixth birthday. For several weeks previous her father had been passing most of his spare time building a playhouse, which is a replica of a bungalow on a miniature scale, including the furnishings, and it even has a house number. Surrounding this playhouse is a swing, teeter-board and other things so dear to the heart of children and when, as a last touch, grounds surrounding the playhouse were lighted with strings of electric lights, it was announced there would be a joint housewarming and birthday party.

Four little girls, Betty Greeott, Betty Houx, Pauline Frati and Mary Anna Klimas, were the actresses who had this charming stage setting, and their performances were natural notwithstanding the fact a large audience of adults watched their every movement. Their special feast consisted of sandwiches, soft drinks, ice cream, cake and other goodies.

SUICIDE LIFTS OLD ROBBERY-TORTURE TALE

Celestino Biavaschi Kills Himself With Monoxide Gas

HE PROTECTED $1400

Attackers Burned His Feet To Make Him Reveal Cache

Carried from page 1

his relatives and friends, but gave no motive for his act.

Prepared For End.

An investigation of his home at 932 Bush street revealed he had placed his will and several property deeds in an orderly fashion across a desk top. Celestino Biavaschi came to America 30 years ago, leaving his wife, Slella, two sons, Mario and Cleto, and his only daughter, Inez, behind. He settled in Mendocino county where he established himself as a successful and prosperous rancher. At the time of his daughter's suicide he was in the midst of preparations for a return trip to his native land to bring his family to their American home. The news of his daughter's death affected him so he postponed his trip and never planned another.

Went To Sonoma.

Tired and despondent, Mr. Biavaschi moved to Santa Rosa to lead a life of retirement several years ago. He owned considerable property. The dead man is survived by three brothers, Emil and Barnardo, of Santa Rosa, and Martino, of Italy; and one sister, Mrs. Maria Borghetti, of Italy.

His Life Here.

For a great many years Celestino Biavaschi lived here and was employed by the late C. D. Flowers—in fact, to most people, he was known as "Charlie Flowers." He was a likeable man and had many friends hereabouts.

A Torture Victim.

Some years ago he was the central figure in a sensational crime which was solved by Sheriff R. R. Byrnes a few days afterwards. Mr. Biavaschi was known to keep a considerable sum of money in his home and rumor had it the funds were buried near his cabin. One night four masked men appeared at his cabin and, upon forcing admission, overpowered Mr. Biavaschi and demanded he turn over to them the money he had secreted. This he refused to do and was then set upon and beaten by the quartet. He persisted in his refusal and, in the end, the men burned his feet, hoping, by this method of torture, to force Mr. Biavaschi to talk. However, he put up such a resistance and continued to refuse to tell where his money was hidden the robbers, becoming alarmed at what they feared was someone approaching, fled. Sheriff Byrnes quickly rounded up the robbers and they were sentenced to San Quentin.

A Double Killing.

One of the men convicted at that time of the robbery attempt returned a few years later and shot and killed his sweetheart in a cabin in the south end of town and then shot himself.

BUSINESS OF COUNTY DONE

Supervisors Handled Matters Of Taxpayers This Week

By a four-fifths vote the supervisors transferred funds from the county general to road districts three, four and five to use for maintenance and operation.

Change District Name.

The name of the Willow-Lima union school district was changed to Ukiah union elementary school district.

Schools Suspended.

Upon recommendation of the county superintendent of schools the board suspended the Bush Creek, Counts and Pine Ridge school districts and the Bear Harbor lapsed school district was joined to the Cottoneva district.

Wants Reimbursement.

G. E. Frebert of "Western Tax Collector," appeared before the board in connection with an effort to receive reimbursement from the Federal Government for lands in counties withdrawn from tax rolls by the Federal government. He asked $500 contribution from Mendocino county as co-operation in such effort.

Brought Money To The Press.

The money the four robbers were after was, a few days afterward, brought to The Republican Press by Celestino Biavaschi. There was $1400 in the box and it was kept in the vault in the business office of The Republican Press several days, until Mr. Biavaschi could be prevailed upon to place the same in a bank.

Left The Valley.

About six years ago Mr. Biavaschi went to Santa Rosa to reside, his brother Emil Biavaschi at that time being chief of police of Santa Rosa. The dead man had invested his money and, it was understood, he owned several houses he was renting. Celestino Biavaschi was a hard-working, honest man and regret will be widespread here over his untimely passing.

Get Right-Of-Way.

The board accepted deeds from George Ellery, of Longvale, for land used by right-of-way on the Biggar highway.

Salaries Adjusted.

The board fixed the compensation of employes at the Mendocino County Farm and Hospital and established the office of Case Worker for the County Welfare Department and fixed the compensation thereof.

Accepted Reports.

The board approved the bond and appointed viewers on a road in District 2 which will start from the north end of the new suspension bridge across Eel river, at Ridgeway Crossing, and thence down the river to the county road on the Foster ranch. The board accepted and filed the reports of the various commissions partially under county and state supervision. The board charged the cost of construction of certain new roads and repairs in all of the supervisorial districts to the county general funds of districts three, four and five. The board reconvened as a county board of equalization.

Mr. and Mrs. Harry Jones are passing a week on the Campbell ranch on the Boonville road. Mr. Jones coming to hunt deer. For a number of years Harry Jones has been one of the dependable men on the San Quentin guardline.

WHEN "RUDY" THEURKAUF BUILDS HIS HOME UP IN HEIGHTS OF BAY

No one can possibly pass a few hours in more delightful atmosphere than in the home of Rudolph Theurkauf, cultured, convivial, congenial, and the delight is always added to when "Rudy's" fine sister is present. For a long time the Theurkauf home has been at the wall of the Presidio and "Rudy" has made of it a rooftree one would long hesitate deserting, but, it seems, "Rudy" Theurkauf was not satisfied with his delightful San Francisco abode and now he is moving to a more enchanting surrounding which The Sausalito News entertainingly describes thusly:

"When Rudolph Theurkauf, noted artist and designer, wanted to make a relief map, carved in wood, of the city of San Francisco it was essential he find a place to work from which he could see the entire city. The ridge of the hill behind Sausalito, between the Hogsback and Appetite Rock, offered him the site he needed. Mr. Theurkauf spent five years on that piece of work before it was completed, and during that period he was struck with a burning desire to make that hilltop his home. Today he is seeing his dream come true. His home is rising to take in a view that cannot be surpassed the world over.

"The relief map, started 15 years ago, is now famous. An estimated 100,000,000 persons have seen it at expositions alone—the Century of Progress in Chicago and the exposition at Nagova, Japan, two years ago.

To Take A Year.

"When Mr. Theurkauf's home is finished in about one year from now it will contain many unusual features of design, but principally will be characterized by one important factor. It will be the artist's own home, having all the features and displaying all the ideas of construction "Rudy" Theurkauf wants for himself.

"'I have designed homes for many others,' he says, 'but now I am building my own and it will be just as I want it.'

To Use Fireplaces.

"Heat for the six-room dwelling will come from fireplaces, each room having its own. Upstairs will be a large living room and dining room separated by portieres, two bedrooms, a spacious reception hall, bathroom, kitchen and two breakfast rooms, one enclosed and the other open air. Downstairs is the artist's studio and office.

Think Of This!

"The studio fireplace is directly below the one in the living room. In the building of these two, alone, will be used 15 tons of selected stones. The mantle of the studio fireplace is a 10½-foot slab of marble imported from Italy and before the fireplace is a floor of polished marble that will give off a reddish glow while the fire is burning. The walls of the studio will be of knotty pine, with the other rooms having redwood walls.

To Use No Paint.

"All doors will be of three-inch redwood, and as guests enter the reception hall they will look into a huge stained glass window that came from the old Crocker home in San Francisco. Mr. Theurkauf, among his many other accomplishments, is a painter of renown, but he has decided against the use of paint in his new home. Polished wood and stone will serve instead.

A Unique Stairway.

"Also in the hallway will be an old-fashioned chandelier with candles. A crank nearby will be used to lower the chandelier for lighting. The stairs between floors will be circular, winding around the trunk of a redwood tree that will extend from the ground to topmost ceiling.

Such A Kitchen!

"The kitchen would be a delight to any housewife. The floor, walls and ceiling will be covered with linoleum, and there will be no corners. Instead, all the points will be rounded.

No View Like It.

"But more enthralling than anything else is the marvelous view "Rudy" Theurkauf has—as far as the eye can see in all directions. The five bridges of San Francisco Bay, Sunnyvale, the Farallones—all are clearly discernable. The entire Bay area is spread out before him like one of his own relief maps, he looks down on the towers of the Golden Gate bridge and Sausalito's homes nestle far below.

"Rudolph Theurkauf will never lack inspiration!"

DEATH CALLS AGED TEACHER

P. B. Westerman, For 52 Years Educator, Passed Away

Pleasant Bailey Westerman, 77, died suddenly at his home in Potter Valley Sunday night. It was but a few hours previous he and his wife and daughter had returned from a vacation trip in Humboldt county, where Mrs. Westerman attended summer school at Arcata, and during the trip he had made no complaint about feeling ill.

Lone Star State Native.

Mr. Westerman was a native of Texas but his parents moved to this county when he was but five years of age and this county had been his home practically all his life. He was one of the few oldest living school teachers, both in years and point of service, for he started teaching in this county in 1880 and had taught school in most sections of the county, including Ukiah, Round Valley, Little Lake Valley and Potter Valley, where he was high school principal. All told he taught school 52 years but a few years of this was in Nevada. Seven years ago he retired.

Everyone Liked Him.

Mr. Westerman was public spirited and took an active part in most civic undertakings to the end. He had a genial disposition and the art of being able to impart knowledge to the pupils in his charge. As a husband, neighbor and citizen his life was beyond reproach and he had the respect of all who knew him.

The Mourning Family.

Besides his widow, Mrs. Henrietta Westerman, he leaves two daughters, Mrs. Helen Gray of Oakdale and Mrs. Clara Hawksley of Mill Valley, three grandchildren and two great-grandchildren.

Buried At Willits.

Funeral services were held yesterday afternoon at Eversole's Mortuary under auspices of Abel Lodge, F. & A. M., of which he had long been a member. During services Mrs. J. H. Hansen sang "Lead Kindly Light" and "Abide With Me." Interment took place at the Sawyers cemetery, Willits, Rev. James officiating at the graveside service. Pallbearers were J. L. Adams, J. R. Thomas, P. H. Joseph, Taylor Eddle, Bert Whittaker and J. G. Newman.

THE TRUTH SIMPLY TOLD

Today's popularity of *Doan's Pills*, after many years of world-wide use, surely must be accepted as evidence of *satisfactory* use. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions. These physicians, too, approve every word of advertising you read, the objective of which is only to recommend *Doan's Pills* as a good diuretic treatment for functional kidney disorder and for relief of the pain and worry it causes.

If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed.

Burning, scanty or too frequent urination may be warning of disturbed kidney function. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out.

Use *Doan's Pills*. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. *Ask your neighbor!*

NAGGING BACKACHE
May Warn of Disordered Kidney Action. Don't Neglect It!

Modern life with its hurry and worry, irregular habits, improper eating and drinking, exposure, contagion, *whatnot*, keeps doctors busy, hospitals crowded. The after effects are disturbing to the kidneys and oftentimes people suffer without knowing that disordered kidney action may cause the trouble.

After colds, fever and similar ills there is an increase of body impurities the kidneys must filter from the blood. If the kidneys are overtaxed and fail to remove excess acid and other harmful waste, there is poisoning of the whole system.

Symptoms of disturbed kidney function may be nagging backache, persistent headache, dizziness, getting up nights, swelling, puffiness under the eyes — a feeling of nervous anxiety and loss of strength and energy. Other signs of kidney or bladder disturbance may be burning, scanty or too frequent urination.

In such cases it is better to rely on a medicine that has won world-wide approval than on something less favorably known. Use *Doan's Pills*. They have been winning new friends for more than forty years. Be sure to get *Doan's*. Sold at all drug stores.

THE REASON DOAN'S ARE FAMOUS
All over the country grateful people tell others: *"Doan's have helped me; I recommend them to you."* That is why we say, *Ask your neighbor!*

TRINITY LOSES ITS LARGEST CATTLE OWNER

Frank Travis, Victim Of Heart Attack Friday Last

NATIVE CALIFORNIAN

Body Will Rest Beside Members Of His Family

Carried from page 1

Their 200-acre farm is still owned by those surviving.

Those Who Remain.

Burial was at Forestville in the family plot. Two brothers preceded Mr. Travis in death. Surviving members are two brothers, John Travis, Lathrop, Albert Travis, Trinity county. Mrs. Wm. McCullough, niece, and two nephews, Burton and A. Travis, of Forestville.

"The rolling stream of life goes on, but still the vacant chair recalls your voice."

Women's Club Met.

A business meeting of the executive board of the Mendocino County Federation of Women's Clubs was held at Willits Thursday. Mrs. Chas. Lovell, president of Covelo Women's Improvement Club, Mrs. Chas. Rice, vice-president, and Mrs. G. M. Biggar, county chairman on legislation, attended the meeting and luncheon given at Hotel Van. Plans were made for the county convention to be held in Covelo, September 30, at which time the new president of the San Francisco district, Mrs. Verner Ronk, of Santa Rosa, and State Federation President Mrs. Thomas H. Richards, of Chico, will be honored guests. Mrs. Richards has visited the Covelo club before. San Francisco District includes 14 counties and Mrs. Ronk has announced appointment of her committee chairman ,among them Mrs. G. M. Biggar's assignment on education.

Few Were Out.

The Chamber of Commerce held its first meeting and dinner last month at Hotel Covelo to reorganize; the second monthly meeting was held Wednesday evening with only 12 in attendance. This time of year, one concludes, everyone is out of town and, too, it is a busy season. However, in September, vacation and summer madness should be over and things return to normal. Several important business discussions were brought up at the Wednesday meeting and election of new officers was held over until the next regular meeting, Friday, September 15, at which time it is hoped more members and new members may make an appearance.

Bid Parson Godspeed.

Setting a record for sustained geniality and warm friendship and one of the largest social gatherings this season, was the farewell potluck dinner Sunday evening honoring Rev. Carroll Pedersen and family, prior to their departure for Pleasanton. The Mutual Aid sponsored the affair, but everyone joined in gleefully and helped.

Outdoors Program.

A perfect evening for the long tables to be arranged outdoors on the lovely and spacious manse lawns and there were tables for the kiddies, too. Rev. J. L. Kent and family, of Fort Bragg, vacationing and houseguests of Senator and Mrs. G. M. Biggar, were delighted guests. Both Rev. Kent and Rev. Pedersen spoke and for their final offering, Rev. and Mrs. Pedersen sang a duet and by request Rev. Pedersen sang a solo. Rev. Ernest Israel, of Placerville, preached at the Federated church Sunday.

To Marry Friday.

At the home of Mr. and Mrs. E. J. Spence Friday, August 25, a marriage will take place. The young couple who will exchange "I will" and "I do" are Miss Wilda Lambert, daughter of Mr. and Mrs. John Lambert, and James E. Spence, only son of Mr. and Mrs. E. J. Spence. Judge G. R. Redwine will perform the ceremony, after which the newlyweds plan to leave for work in the fruit. The wedding had been arranged for an earlier date, but Miss Lambert was severely burned on both arms when a gasoline stove exploded in the Lambert home.

Brought One Back.

Time and again I have heard folks -excitedly and thrillingly tell of so and so killing a panther —a fine chase, and so on. I don't know where I've been all these years, but it has so happened I had never seen one of these animals, dead or alive, and there has been little enthusiasm on my part; but now I'll tell one. Five o'clock Sunday evening, Mr. and Mrs. Robert Lovejoy, Marjorie Ann and Kendall Wallace drove up to my back door and nicely arranged and squeezed onto the bumper was a real big panther—yes, dead. Of all people to have such a trophy! I was surprised — they were surprised, too. The Lovejoys had gone deer hunting on Black Butte and had taken Mrs. Wm. Clark's Shepherd dog along. The little dog had dashed off into a willow thicket and a few seconds later the panther came out and treed, making a 15-foot leap into a fir tree. One shot, and the Lovejoys returned to town. From tip to tip the large male beast measured eight feet, weighing 130 pounds—huge, strong shoulders—a villainous looking creature, nevertheless a handsome animal.

Too Much Inspection?

Judge G. R .Redwine and Senator G. M. Biggar were overnight business visitors at Ukiah Friday. The pear growers are having difficulty with the prorate inspection. Senator Biggar had shipped 875 boxes, losing 500 due to late arrival of boxes. Judge Redwine had two days more picking but discontinued the work until it could be determined how severe the inspection was going to be. From appearances here the pear men stand to lose.

The home of Mr. and Mrs. M. C. Hurt was the scene of a festive gathering Sunday evening when Mrs. Hurt and Mrs. Frank Spurlock celebrated their birthdays. Tables were arranged on the lawn and the 16 guests enjoyed the delicious food placed before them. Miss Lorene Spence made the very attractive birthday cake. Those to wish these charming matrons many more happy birthdays were Mr. and Mrs. A. N. Moore, Mrs. Edith Walters, Wayne Goodwin, Oakland, Mr. and Mrs. Earl Fullerton, Ukiah, Miss Isabel Spurlock, Mr. and Mrs. Lawrence Gantz, Piedmont, Carl Holtzhauser and James Holtzhauser, Ukiah, T. F. Spurlock and Bob Moore.

Have A Son.

Rejoicing in the John Ohe household is over a son born Monday, August 14—John William, Jr., weighing nine and three-quarters pounds and is the third child in this family. Dr. J. Edward Mooy says, "Mother and young heir are fine."

Building Auto Court.

A. N. Moore, who has for a long while planned an auto court on the lot back of his store, is now going forward with the work. One cabin is completed and more are to be built soon. The cabins will be modern and up-to-date.
